1. In this notice any word or phrase to which a meaning has been assigned in the Act and Regulations made there under shall have that meaning and, unless the context otherwise indicates-

The Department of Agriculture, Forestry and Fisheries would not be held liable should the information contained in this document vary from the original document(s) (gazetted).

“authority” means any officer of the Department of Agriculture, Forestry and Fisheries in the national, provincial or local sphere of government;

“land” means any premises in terms of ownership or user and includes planted crops at a place of production, natural resources, ports of entry, buildings, structures and any area within the Republic;

“nursery” means any premises at which plants are sold or grown for sale, and which is registered in terms of the Plant Improvement Act, 1976 (Act No. 53 of 1976), as an establishment as defined in section 1 of the said Act;

“pest” means any species, strain or biotype of plant, animal or pathogenic agent injurious to plants or plant products;

“phytosanitary procedures” means any official method for implementing phytosanitary measures including the performance of inspections, tests, surveillance or treatments in connection with prohibited pests;

“regulated article” means any plant, plant product, storage place, packaging, conveyance, container, soil and any other organism, object or material capable of harbouring or spreading pests, deemed to require phytosanitary measures, particularly where international transportation is involved;

“test” means official examination, other than visual, to determine if pests are present or to identify pests.

“the Act” means the Agricultural Pests Act, 1983 (Act No. 36 of 1983); and

“visually free”, with regard to the occurrence of an insect or a pathogen on a plant, means that-

- (i) the executive officer is unable to visually observe the occurrence of an insect or a pathogen on a plant unless he uses a microscope or magnifying glass; or

- (ii) the executive officer has, without the use of a microscope or magnifying glass, visually observed the characteristic of disease symptoms that are caused by an insect or a pathogen on a plant, but the testing, examination or analysis of that plant in a laboratory has not revealed the occurrence of such insect or pathogen on that plant.

[Amended by R. 1442 of 11 July 1986, R. 1148 of 11 December 2009, R. 442 of 06 June 2014, R.1271 of 17 November 2017]

Prohibition relating to the occurrence and removal of certain pathogens and insects

- 2. (1) No user of land who is the owner or occupier of a nursery shall-
 - (a) keep any pathogen specified in Table 1 or any insect specified in Table 2 on the premises of such nursery;
 - (b) keep, plant or cultivate any plant on the premises of such nursery unless such plant is-
 - i. visually free of the pathogens specified in Table 1; and
 - ii. free from the insects and pathogens specified in Table 9, and visually free from the insects specified in Table 2; or
 - (c) keep any infectious thing on the premises of such nursery unless such infectious thing is free of the pathogens specified in Table 1 and the insects specified in Table 2.

[Amended by R. 1518 of 12 July 1985, R. 18 of 04 January 1991, R.1373 of 05 August 1994, R. 442 of 06 June 2014]

Prohibition relating to the removal of certain plants

4. (1) No user of land shall remove any plant of a kind specified in column 1 of Table 5 from any land within the area specified in column 2 of the said Table opposite the name of the kind of plant concerned to any land within the area specified in column 3 of the said Table opposite the name of the kind of plant concerned.

- (2) No user of land shall remove any plant of a kind specified in column 1 of Table 6 from any land within the area specified in column 2 of the said Table opposite the name of the kind of plant concerned to any land within the area specified in column 3 of the said Table opposite the name of the kind of plant concerned.
- (3) No user of land shall remove any plant infested with an insect specified in Table 8 from the land on which such infested plant occurs to any other land in the Republic.

[Amended by R. 1518 of 12 July 1985, R. 18 of 4 January 1991]

Exemption from a prohibition

- 4A (1) The executive officer may, by means of a removal permit, exempt a user of a land from a prohibition referred to in-
- (a) Control measure 2, 3, and 4, if the executive officer or authorised person is satisfied that the necessary phytosanitary procedures have been taken to reduce the risk of introduction and spread of prohibited pests which include the cleansing of plants from prohibited pests; and
 - (b) Control measure 4(2), if the executive officer or authorised person is satisfied that the plant material for which the permit is required is only obtained from a mother plant grown in a structure which prevents infection or infestation by the prohibited pests of concerned; and
 - (c) Control measure 4(2), if the executive officer or authorised person is satisfied that the plants or plant products is originating from a specified or demarcated area of low pest prevalence or area is free from regulated pest and necessary phytosanitary procedures have been taken.

- (2) When the executive officer conducts an investigation in connection with an application for a removal permit, the fees specified in Table 10 shall be payable in respect thereof.

[Amended by R. 1442 of 11 July 1986, R. 18 of 04 January 1991, R. 457 of 20 May 2005, R. 563 of June 2005, R. 1271 of 17 November 2017]

Prohibition relating to keeping, planting or cultivation of certain controlled goods

- 5A. No person shall keep, plant, cultivate or remove any controlled goods imported or removed in contravention of the provisions of section 3 of the Act or in contravention of a condition set out in the permit referred to in section 3 (1) of the Act, or any controlled goods obtained or derived there from, or descended or produced by, from or by means thereof, whatever the connection or degree of descent or relationship, in the Republic.
- 5B. A person in possession of any controlled goods of which the importation may not be authorised under section 3(6) of the Act shall-
- (a) not keep in his possession or distribute such goods; and
 - (b) immediately destroy such goods, or otherwise dispose thereof in the manner determined by the Executive Officer.

[Amended by R. 451 of 11 March 1994, R. 1518 of 12 July 1985, R. 451 of 11 March 1994]

Application for permits

6. (1) An application for a permit which may be issued by the executive officer under a control measure in order to exempt a user of land from the prohibition or obligation contained in such control measure shall be made on a form which is obtainable from the executive officer for this purpose.

- (2) Such application form shall-
- (a) be completed by the user of land requiring such permit;
 - (b) after having been thus completed, be submitted to the executive officer; and
 - (c) be thus submitted so as to reach the executive officer at least 30 days prior to the date on which such permit will be required.

Compulsory notification

- 7 (1) Every user of land within the Republic shall immediately notify the executive officer of any occurrence or suspected occurrence of any pest specified in these Control Measures, in any pest free area;
- (2) Any individual or organization or institution that has for the first time identified or recorded a new pest to be present in the Republic, shall immediately report it to the executive officer.
- (3) Upon national pest reporting, the executive officer shall immediately undertake necessary phytosanitary procedures to prevent the establishment and further spread of prohibited pest/s.

Destruction of plants, plant products and other regulated articles

8. (1) If the executive officer has suspected on reasonable grounds or established that plants, plant products and other regulated articles have been kept or cultivated, removed or conveyed contrary to the provisions of these Control Measures, may-
- (a) destroy such plants, plant products and other regulated articles;
 - (b) order that such products in question are sent back to a specified quarantine area;
 - (c) subject a person in question to an offence in terms of section 13 of this Act.

(2) If the executive officer has identified and/or confirmed or suspected occurrence of a regulated pest or any pest specified in these Control Measures in a pest free area, place of production or production site, may-

- (a) destroy infested or infected plants, plant products and other regulated articles;
- (b) order that infested or infected plants, plant products and other regulated articles be destroyed.
