RE: ACTIONS TO BE TAKEN BY THE OFFICE OF THE REGISTRAR (ACT NO 36 OF 1947) TO VALIDATE FIELD TRIAL DATA.

1. The above matter refers.
2. In order for us to continue evaluations of applications without having the immense time consuming verification of all trial data submitted, we request that all applicants submit affidavits from the Trial Co-operator (farm manager or owner) to confirm the following:
 - 3.1. Name of the trial contractor/company doing the trials;
 - 3.2. Locality of the trials in terms of GPS co-ordinates and farm number;
 - 3.3. The crop/s in which the trials were conducted;
 - 3.4. The date period during which the trials were conducted.
3. In the case of applications that have already been submitted to the office of the Registrar (Act 36 of 1947) and those applications that are currently under evaluation, the technical advisors may request an applicant to submit these documents/details during the evaluation of the applications. The documents/detail requested must be submitted within 30 days of the request. In anticipation of this request, is strongly recommended that applicants must start to gather this information as soon as possible. However, please only submit the information when it has been specifically requested.
4. Please note that this request may or may not be part of any correspondence identifying data or short falls in the application. In the case where this request is made separately, the 30 day time period will apply to each of the separate requests.
5. Please feel free to contact the office of the Registrar for further information and advice on the above matter.

Trusting the above is in order.

Yours faithfully,

MR. JONATHAN MALUTA MUDZUNGA
